PATROLEYES

DIGITAL EVIDENCE MANAGEMENT SOFTWARE 2.0

The PatrolEyes Digital Evidence Management 2.0 is a complete solution to asset management. Simply connect your camera to your PC and the software will do the rest! The software will automatically upload and remove the footage from the camera to either your local storage server or networked storage. The software allows you to add tags, comments and assign categories to the files and even mark files with an importance rating. The advanced permission system allows only certain users to upload, view, export, or delete data.

SIMPLE USER MANAGEMENT One account to upload and one account to manage data. Ideal for small departments with 10 or less cameras.

UPLOAD MULTIPLE CAMERAS SIMULTANEOUSLY Upload up to 24 cameras simultaneously from multiple locations in your office.

LOCAL OR NETWORKED STORAGE Use a local storage server or network to store your data.

CHAIN OF CUSTODY Every action is logged and available for review any time.

CUSTOM DATA RETENTION PERIODS Custom data retention periods help ensure that you optimize storage space while important files are kept safe.

SOFTWARE PLANS

BASIC

\$300 (One time fee)

Includes:

- 1 software license key for 1 PC
- 45 days of free technical support
- Unlimited users

DEDICATED WORKSTATION

(Optional) Contact us for pricing

Included: Windows Server License

CPU: Intel i5

RAM: 16GB DDR4 2400MHz

OS Drive: 256GB NVME

Storage: 8TB Usable RAID5

Network: 1Gbit Network Card

Peripherals: 20" Monitor with wireless keyboard and mouse

ADVANCED

Includes:

- 1 software license key for 1 PC plus all future updates
- Unlimited technical support
- Unlimited users

ADVANCED NETWORKED

\$750 (renews annually)

Includes:

- 2 software license keys for 2 PC's plus all future updates with access across your LAN
- Unlimited technical support
- Unlimited users
- Additional licenses \$150/per year per PC

* Compatible with: DV10, DV10 Pro, MAX, EDGE, IRIS, LITE

PATROLEYES

ENTERPRISE DIGITAL EVIDENCE MANAGEMENT SOFTWARE

THE COMPLETE SOLUTION TO ASSET MANAGEMENT

Simply connect your camera to your PC and the software will do the rest. The software will automatically upload and remove the footage from the camera to either your local storage server, remote storage location or the cloud! Once uploaded, you can easily add notes, assign the files to a case and even mark them with an importance rating. The advanced permissions system allows only certain users to upload, view, export, delete data and much more.

We offer two different solutions for you to choose from. Our enterprise local storage option allows you to keep all the hardware and data in your department, which never leaves your network. Storage options start at 6TB of redundant RAID5, which can be customized based on your needs. Our enterprise cloud storage gives you all of the same features, however your uploaded data will be stored in a safe and secure cloud environment, rather than on-site.

ADVANCED FEATURES

- **ADVANCED WEB SERVER** Allows you to manage unlimited users and permissions to allow remote uploading from any PC.
- **UPLOAD FROM ANYWHERE IN THE OFFICE (LOCAL) / ANYWHERE (CLOUD)** Upload up to 20 cameras simultaneously from anywhere the uploader is installed. Users must be inside your departments local network to upload and access data.
- **REDUNDANT STORAGE** Using RAID5 we are able to keep your data safe even if 25% of the storage drives fail.
- **CHAIN OF CUSTODY** Knowing who accessed what data and when is important. That's why every action is logged!
- **CUSTOM DATA RETENTION PERIODS** Custom data retention periods help ensure that you optimize storage space but that important files are kept safe.

LOCAL STORAGE INCLUDES

6TB workstation with monitor and keyboard (\$2,500 equipment fee)
1 software license key plus all future updates
Unlimited technical support
Connect up to 20 cameras for simultaneous data transfer per station
Create unlimited users & agents
Advanced web server platform allowing officers to login from any web browser to remotely manage their evidence from their work stations

LOCAL STORAGE SPECS

CPU: i7-7700 3.60GHz
RAM: 32GB DDR4 2400MHz
OS Drive: 256GB NVME
Storage: 8TB Usable RAID5
Network: 1Gbit Network Card
Peripherals: 20" Monitor with wireless keyboard and mouse

STORAGE OPTIONS

CLOUD STORAGE INCLUDES

Dedicated workstation with monitor and keyboard (\$1,500)
1 software license key plus all future updates
Unlimited cloud data storage for all videos and supporting documents
Unlimited technical support
Connect up to 20 cameras per uploader for simultaneous data transfer
Advanced web server platform allowing officers to login from any web browser to remotely manage their evidence from their work stations

CLOUD STORAGE SPECS

CPU: i5-7400 3GHz
RAM: 8GB DDR4 2400MHz
OS Drive: 256GB NVME
Network: 1Gbit Network Card
Peripherals: 20" Monitor with wireless keyboard and mouse

ADVANCED CLOUD STORAGE

PE-CLOUD

• **Unlimited File Storage**

Unlimited file storage for all of your body camera footage and evidence.

• **Secure Storage and Transfer**

Using TLS 1.2 and AES encryption we are able ensure your data is safe and can never be viewed without the proper authorization. Our solution is completely CJIS compliant.

• **Advanced Data Management**

Assign case IDs, tags and descriptions to any file. Data can be searched by file name, officer, case ID, custom tags and keywords.

• **Evidence Redaction**

Our built-in redaction platform features automatic detection and redaction of faces or objects from video files.

• **Advanced User Permissions**

Multiple user types with customizable permissions allows for the flexibility of users managing their own evidence, while keeping the evidence in a clear chain of custody without the fear of deletion.

• **Upload from Multiple Locations**

Upload evidence from a PC or your squad car using WiFi or your 4G cellular service.

• **Secure File Sharing**

Share evidence with your colleagues easily and securely using the built in sharing system.

• **File Verification**

Our system analyzes each file that is uploaded and assigns a unique SHA256 to allow users to compare file authenticity in case of attempted evidence tampering.

• **Retention and Automatic File Deletion**

Our system allows you to mark files that will need to be held for a custom set amount of time otherwise after a custom set time the files will be automatically removed.

Includes:

- Pricing includes 24/7 support
- Biweekly feature releases
- Unlimited storage

Klick Fast Magment Mount

This quick release clip mounting system will help ensure your PatrolEyes police body camera stays exactly where you put it! The PatrolEyes Klick Fast magnet mount ensures that you will not lose your camera in a scuffle! With heavy duty magnets, just replace the original alligator clip with the new modified magnet mount and you can rest assured that you will not lose your camera. The magnets on the front plate of the mount attach to a magnets on the back plate that is inside your vest or shirt.

Klick Fast Epaulette Mount

This quick release PatrolEyes Klick Fast leather epaulette shoulder mount clip mounting system will help ensure your PatrolEyes police body camera stays exactly where you put it! This sturdy leather epaulette shoulder mount connects seamlessly to your PatrolEyes police body camera using the Klick Fast camera adapter. This mount is not only tough but is very reliable and you can be sure you capture the footage you need.

Klick Fast Molle Mount

This quick release clip mounting system will ensure your PatrolEyes police body camera stays exactly where you put it! The PatrolEyes Klick Fast molle strap mount ensures that you will not lose your camera in a scuffle! Simply replace the original alligator clip with the new modified molle strap mount and you can rest assured that you will not lose your camera. The straps on the mount will wrap around your molle or other mounting point then snap closed, giving you a light weight and secure hold.

Klick Fast Mount Adapter

This is a replacement camera adapter for our PatrolEyes Klick Fast mounting system. NOTE: Please select the correct camera model as the adapter pictured may not be correct for your model camera.

Drop Lock Mount

This quick release clip mounting system will ensure your PatrolEyes police body camera stays exactly where you put it! Light weight and simple to use, a user can quickly lock in or release the PatrolEyes body camera from the mount that is securely attached to your uniform or molle mount.

Covert Button Camera

This is a 65° narrow field of view button camera kit for PatrolEyes cameras. Includes 4 different size buttons that will easily fit on the camera. Also includes buttons for your shirt.

Epaulette Mount

This sturdy leather epaulette shoulder mount connects seamlessly to your PatrolEyes camera using the camera's built in mounting system. This mount is not only tough, but is very reliable. With this mount you can be sure you capture the footage you need.

Magnet Mount Clip

Make sure that you will not lose your camera in a scuffle! With heavy duty magnets, just replace the original alligator clip with the new modified magnet mount clip. The magnets on the back of the clip attach to a magnet strip inside your vest that securely attaches your camera to your vest.

Metal Alligator Clip

This is an original replacement metal alligator clip for your PatrolEyes camera.

Suction Cup Mount

This powerful suction pad attaches to any smooth, flat non-porous surface! The mount is heavy duty and has a full range of motion. It is made of hard plastic, and is easy to install! The mount slides into the existing clip mechanism.

Carrying Case

Use this carrying case to protect and carry your PatrolEyes camera while not in use. Works with all of the full size PatrolEyes cameras.

Wide Angle Camera

This camera is perfect for officers who prefer to wear a lightweight camera and attach the PatrolEyes body camera to their belt instead. The camera has a 120° wide angle field of view which allows you to capture what you would normally see.

8 Camera Docking Station

The PatrolEyes docking station can charge and transfer data from up to 8 cameras simultaneously. Using the PatrolEyes Digital Evidence Management Software (DEMS) and docking station you can automatically upload all files to a PC or the PatrolEyes cloud with one click! Once the files are successfully transferred, DEMS will automatically delete all the files off the device. The docking station saves you valuable time and resources.

Chest Harness Mount

This chest harness mounting system will ensure your PatrolEyes camera stays exactly where you put it! Quickly strap this mount around your chest and shoulders to catch all of the activity in front of you. Simply screw the body camera adapter to the chest mount screw and your camera will be securely attached.

Tripod Adapter

This 1/4" thread adapter is designed specifically for our PatrolEyes body cameras. The adapter attaches to the camera's built in mount system and can then be threaded onto anything with a 1/4" bolt.

Removable Battery

Use this battery for your PatrolEyes to keep you recording for several more hours!

Lanyard

This is a lanyard for your PatrolEyes camera to securely attach it to your uniform or vest.

Protection Plus Program

Before you drop, scratch, damage, spill on, or break a button - get the PatrolEyes Protection Plus Program. With full coverage for issues with your camera such as electrical malfunctions, broken zoom or SD card reader failure, you are fully covered. With our coverage, your camera is protected for accidents caused by you or others. We will repair your PatrolEyes camera within 5 business days.

PatrolEyes Automatic Video Redaction Software

Our PatrolEyes video redaction software is the fastest redaction software out there! With our simple web interface and automatic face detection our software will save you hours of time. No more need to go through videos frame by frame and apply a crude black box. Our professional software is compatible with all major file formats! Simply upload your file to the website, select face detection and let the software do the rest! You can also select an object such as a credit card, license plate or sign in the video and our software will select and follow that object. Body redaction is also available that will automatically detect a person and redact the whole person. Audio redaction is also possible and easy. Contact us for a free demo.
